# EURO OAK MEGA COLLECTION

Elegant, unique and trendy wooden oak flooring crafted to perfection in a European style

Designed by European architects, our oak timber floors have been refined with brushing, light hand scraping, deep smoking, and staining techniques to create the iconic ambiances of centuries past in your modern Sydney home.
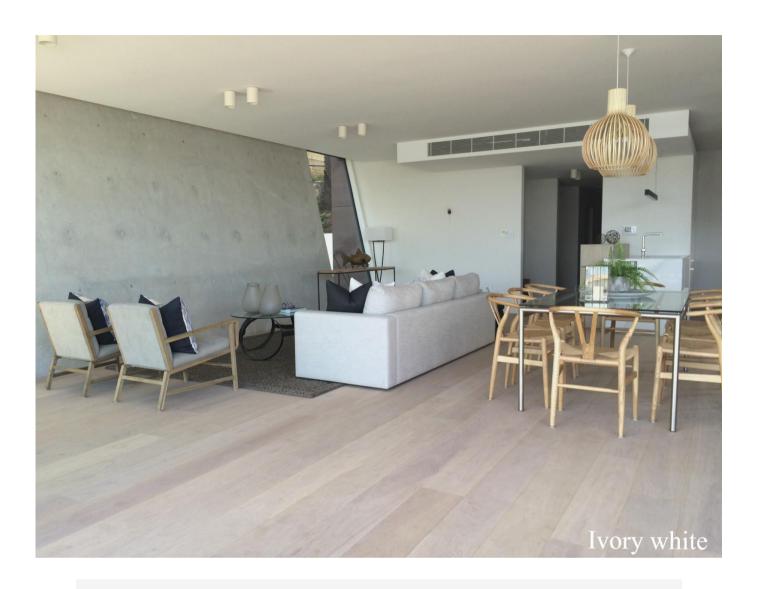

Captivating details are embedded in each and every board, achieved through exquisite craftsmanship and attention to detail. Emphasizing grains and knots, brushing and hand scraping to produce unique surfaces can allow you to feel the rustic characters of hardwood oak on your fingertips. Our oak floors are affordably priced for your budget.

Get attractive oak floors for your Sydney home

Euro Oak Mega Sydney collection will give your home a look of contemporary quality with options and features such as:

- Six unique pre-finished products with additional origin (raw & polished finish) available for architects' colour preference.
- King size boards of 2200 x 220 x 20 (mm), with a 6mm top layer, which can be sanded back 3 to 4 times after laying down.
- Maximum size of 5000 x 340 x 20 / 6mm (contact office for customised offer)
- Traditional tongue and groove connection with 2 sides micro-bevel joints
- Nail down application on wood beams, plywood or existing timber sub-floor.
- Glue down application on concrete slabs
- Floating system is available after sub-floor preparation
- 4%-12% matt anti-slippery finish, suitable for any commercial flooring on entire oak flooring range
- Recycled oak timbers range for added character and eco-friendly flooring

Ivory white

We have taken great care to create a great product modelled in a classic French Oak flooring style. When quality craftsmanship and elegance is what you want then we are the only option you need in Sydney.

These quality hardwood oak floors will highlight the character of any room in your Sydney home and express your feelings through a modern look with a conservative charm.
